

**the.**artceram

The background features a minimalist design with dark red outlines. On the left, a large vertical shape with a rounded top contains a series of fine vertical lines. On the right, a large circle is partially visible, with a smaller circle inside it. Below the right side of the circle, another vertical shape with rounded ends contains fine vertical lines.

Un'architettura industriale, un "non luogo", un mutevole contenitore dalle diverse facce e geometrie viene reinterpretato per alloggiare al suo interno il nuovo showroom aziendale. Un completo total look rinnovato nella distribuzione degli spazi e degli allestimenti in continuità con l'immagine aziendale. Platform freestanding adagiati nel cuore dell'architettura industriale accompagnano il percorso tra esposizione e workshop sino ad arrivare alla "Wall of Fame", angolo dedicato alla storia dei pezzi aziendali più iconici e ai riconoscimenti ottenuti in questi anni di The.Artceram!

## **"UNBOXING CUBES EXHIBITION"**

Industrial architecture, an "immaterial idea", an ever-changing space characterized by different sides and geometries re-interpreted to house the new company showroom. A completely renovated total look in terms of space distribution and fittings respecting the company image and mission. Platform freestanding items laid at the heart of this industrial architecture accompany the visitors' itinerary between a kind of display and workshop to finally pop into the "Wall of Fame", a space dedicated to the history of the most iconic pieces and to the many prizes The.Artceram was awarded over the past years!

# BRERA

## *Washbasins & Urinal Collection*

Il quartiere di Brera è il cuore pulsante del centro storico di Milano, caratteristico per le case d'epoca e per l'eleganza delle sue abitazioni. In tutto il mondo è anche riconosciuto come distretto di riferimento del design internazionale. Ispirandosi ad alcuni canoni tradizionali del design déco e a un'idea più classica di eleganza, ma sempre guardando al futuro nel concept, nei colori e nei materiali, Meneghello Paoletti propone Brera, una raffinata collezione di lavabi, sia da appoggio che sospesi. Elemento di distinzione è la voluta assenza di un bordo fino, a favore di un profilo bold che ne caratterizza l'estetica generale e genera un interessante sottosquadro all'interno del catino.

Brera neighbourhood is the beating heart of historical city centre of Milan. It is characteristic for its period and elegant houses and recognized worldwide as a reference place for international design.

Taking inspiration from traditional canons of déco design and from a classic idea of elegance, not neglecting a conceptual future, in colours and materials, Meneghello Paoletti propose Brera which is a very refined collection of both wall-hung and countertop washbasins. An element of distinction is the deliberate lack of slim rims, in favour of a "bold" rim characterizing its overall aesthetics and generating an interesting undercut inside the bowl.

## BRERA SYSTEM

I lavabi Brera sono pensati per essere installati in diversi modi. Oltre alle classiche soluzioni da appoggio o sospeso, possono essere installati sull'apposita colonna Brera, in appoggio sulle strutture metalliche ed anche sui mobili contenitori freestanding dedicati.

Brera washbasins are designed to be installed in different ways. In addition to the classic countertop or wall-hung solutions, they can be installed on the specific Brera column, resting on the metal structures and also on the dedicated freestanding storage units.

# LORD

## *Ceramic Mirror*

Lord è uno specchio decorativo in ceramica, retroilluminato. Con Lord abbiamo lavorato sulla decorazione della ceramica, sulla ricerca di dettagli tipici nelle lavorazioni artigianali dei piatti da portata della bella époque. Lo specchio è intenzionalmente proposto solo in versione rotonda, proprio come i tradizionali piatti da portata, e questo trait d'union ha messo le basi per un leggerissimo decoro a onde che parte dal centro dello specchio per aumentare e trovare la sua massima espressione all'apice del cerchio. Questo gesto, questa transizione viene nobilitata all'accensione della retroilluminazione che valorizza le onde generando un interessante gioco di luci e ombre.

Lord is a back-lit ceramic decorative mirror. As for Lord, we have concentrated on the decorative side of the ceramic frames, in search of typical details of tableware handicraft during Belle Epoque. The mirror is deliberately designed in a single round version, like traditional tableware, and this "trait d'union" has allowed a light wavy décor starting from the centre of the mirror and expanding and finding its ultimate expression at the apex of the circle. This gesture, this transition are enhanced when the back light is on, this back light adding value to the wavy features through an interesting play of light and shadow.

# BOLD

## *Accessories Collection*

La collezione di accessori bagno Bold è stata così denominata proprio per rivelare la caratteristica del suo design, volutamente marcato e "bold".

Normalmente gli accessori bagno si caratterizzano per l'utilizzo di profili slim. Il design point della collezione risiede nel cercare quel punto di equilibrio tra un'estetica fresca, contemporanea data appunto dall'ispessimento dei profili e anche dall'utilizzo di particolari colori e finiture, e la sua applicazione funzionale che resta comunque sempre prioritaria nel progetto. La linea include barra porta asciugamani, porta rotolo, porta scopino, gancio, piantana vasca porta asciugamani, piantana porta rotolo e scopino.

The Bold collection of bathroom accessories is called this way purposely to reveal the main feature of its design, intentionally marked and "bold".

Bathroom accessories are usually characterized by slim profiles. The collection design focuses on finding a balance between a fresh aesthetics, contemporary thanks to the bold profiles, materials and finishes used and a functional application which is this project priority. The collection consists of a towel rail, a roll paper holder, a toilet brush holder, a hook, a floor bathtub towel holder and a floor toilet brush and roll paper holder.

# OPERA

*Storage Collection*

Opera si pone a cavallo tra lavabo centro-stanza e mobile contenitore. Una colonna cilindrica, decorata da una texture cannettata, sorregge ed eleva a veri e propri centro-stanza, i lavabi a corredo di Opera e non solo. L'andamento delle linee fresate, che compone la texture millerighe superficiale, nasconde brillantemente le linee che demarcano l'apertura dell'anta curva che dà accesso ad un comodo storage interno.

Opera is halfway between a freestanding washbasin and a storage unit. A cylindrical column, decorated with slim-rod-like texture supports and enhance the accompanying washbasins of Opera - and not only - by elevating them to real freestanding washbasins. The particular design of milled lines that characterizes the "millerighe" surface texture, expertly hides the curved door opening lines of the comfortable inner storage.

OPERA

# OPERA SYSTEM

Il fusto di Opera può sorreggere quattro lavabi della produzione Artceram. Una "colonna minimal" dalle dimensioni contenute, un piccolo storage dal gusto estetico ricercato!

The pillar of Opera can support four washbasins made by Artceram. A "minimal column" with small dimensions, a little storage with a refined aesthetic taste!

# MONO

## *Storage Collection*

Mono, come Opera, si pone a cavallo tra lavabo centro-stanza e mobile contenitore. Un esile e leggero parallelepipedo cannettato che si eleva come una colonna strutturale che sorregge una base da appoggio per i lavabi a corredo del mobile bagno. La texture cannettata alleggerisce e conferisce slancio alla struttura brutalista e architettonica della colonna/mobile Mono.

Mono, like Opera, is halfway between a freestanding washbasin and a storage unit. A sleek and light block with a slim-rod-like decoration. A block that is a structural column supporting a base for the accompanying washbasins of this bathroom furniture. The slim-rod-like texture lightens and gives impetus to the brutalist and architectural structure of column/furniture Mono.

MONO

# MONO SYSTEM

Come un moderno piedistallo nella zona bagno/museale, Mono può sorreggere i quattro lavabi Artceram consigliati nello schema grafico qui di seguito.

Like a modern pedestal in the bathroom/museum area, Mono can support the four Artceram washbasins recommended in this graphic diagram.

# CHURCH

*Structures Collection*

Church è una piccola opera d'architettura in bagno. Una struttura, un collage di tubi che delineano e conferiscono carattere allo spazio sottostante ai lavabi da appoggio.

Tre o quattro canne metalliche, che iconicamente riportano alla mente l'organo: da qui il nome evocativo che rimanda a quel mondo.

Church is a little work of architecture for the bathroom. A structure, a collage of pipes that outlines and gives character to the bottom space where countertop washbasins are mounted. Three or four metal pipes iconically bring to mind a church organ: hence the evocative name that refers to that world. Its towel rail becomes such an iconic element encircling and marking the union of pipes that support the washbasin.

## CHURCH 3 SYSTEM

La struttura metallica a 3 canne Church è coordinabile a sei lavabi della produzione Artceram.  
I lavabi vengono così "sorretti ed elevati" a dei veri e propri centrostanza!

The structure with 3 metal pipes Church on which six basins made by Artceram can be mounted.  
The washbasins are "supported and raised" to real centerpieces!

## CHURCH 4 SYSTEM

La gamma di lavabi disponibili sulla struttura a 4 canne è più ridotta rispetto a quella precedente, ma non è meno iconica nella sua estetica finale!

The range of washbasins available on the 4 metal pipes structure is smaller than the previous one, but it's no less iconic in its final aesthetic!

# RELAX

## *Modular Storage Collection*

Non solo bagni ma spazi di benessere, momenti sconnessi dall'esterno, luoghi di riflessi e cura di sé. Relax è una proposta di carattere ma che predilige soluzioni calde, accoglienti, capaci di far sentire a casa. Il dogato a onde è il protagonista di questa collezione ma è versatile e personalizzabile in diverse soluzioni.

Relax è molto più di un mobile bagno; progettato e prodotto interamente in Italia è pensato per adattarsi alle esigenze di ogni casa. La lunghezza può essere definita in fase di progetto e con essa le finiture, in tinta unita o con ante in noce chiaro o noce scuro, potrai anche decidere il numero di lavabi da appoggio, la posizione dei vani a giorno e quella dei cassetti. Rimangono costanti invece gusto, eleganza e design contemporaneo.

Not just bathrooms but areas of wellbeing, offline moments from the outside, places of reflections and self-care. Relax is a strong proposal but with pleasant solutions, cosy features that make you feel at home. The wavy slatted aspect is the main character of this collection even though versatile and highly customizable with different themes. Relax is much more than a simple bathroom furniture; designed and produced entirely in Italy, it can be fitted in any home. The length and the finishes can be both defined during the project, in plain finish or with doors in light or ark walnut. Many different countertop washbasins can be mounted on it and position of stores or drawers can be selected. The only constant value is the taste, elegance and contemporary design.

La modularità è il valore aggiunto di Relax. Puoi adattare ogni composizione al tuo gusto e al tuo ambiente; a uno o due lavabi, con uno più vani a giorno, con allineamenti centrali o laterali, selezionando la finitura che preferisci, potrai rendere unico il tuo mobile bagno. I pratici portasciugamani ai lati rimangono, per il resto diamo forma ai tuoi desideri.

Modularity is the added value of Relax. You can compose it according to your taste and environment. With one or two washbasins, with one or more stores, centrally or laterally aligned by selecting your favourite finish and making your bathroom furniture unique. The functional towel rails are at the users' sides, for the rest, your desires take shape.

# MONET PLUS

*Sanitaryware Collection*

Upgrade prodotto per i sanitari a terra Monet Plus dove sono state riviste le dimensioni, senza per questo perdere l'estetica equilibrata e bilanciata che contraddistingue la collezione! Dimensioni extra per chi cerca il comfort in ambienti bagno di dimensioni importanti. The.Artceram risponde così alle richieste del mercato con dei sanitari più ampi e comodi rispetto allo standard. Vaso e bidet sono stati riprogettati rialzando e allungando la seduta, una soluzione all'insegna dell'ergonomia e di un maggiore comfort, sempre con una attenzione speciale al design e mantenendo comunque le importanti caratteristiche tecniche proprie dei wc Monet: rimless (senza brida) e con scarico traslato.

Upgraded version of the back to wall items Monet Plus where dimensions have been revisited without impacting on balanced aesthetics, main feature of this collection! Extra size version for people demanding comfort in a spacious layout. With Monet Plus, The.Artceram meet the market demands by offering wider and much comfortable products, better than the standard ones.  
Wc and bidet have been re-designed with a higher sitting and longer sitting space, an ergonomic solution for a major comfort but keeping in mind the special design factor and the technical features of the Monet rimless Wc with the adjustable flush.

# MONET PLUS SYSTEM

Dimensioni maggiorate per venire incontro alle richieste del mercato.  
Monet Plus mantiene le stesse linee e proporzioni della collezione "madre" Monet con forme generose e profili essenziali, una sintesi estetica formale tra linee rette e tonde, tra staticità e dinamismo.  
Il copriwater è sempre lo stesso, avvolgente e ben bilanciato su tutti i pezzi della collezione!

Increased dimensions to meet market demands.  
Monet Plus maintains the same lines and proportions of the "mother" Monet collection with generous shapes integrated with essential lines, a formal aesthetical synthesis of round and straight lines, static and dynamic. The toilet seat is always the same, enveloping and well balanced on all the pieces in the collection!

# THE.REEL

## *New Flushing System*

Nuovo sistema di scarico The.Reel, questa nuova tecnologia perfeziona l'efficienza di scarico mediante la creazione di un potente vortice d'acqua.

Coniugando design, funzionalità e prestazioni igieniche si vuole migliorare il comfort nella stanza da bagno. Il nuovo sistema studiato per i vasi senza brida di A16 e File 2,0, sfrutta al meglio il movimento dell'acqua sulla superficie ceramica, direzionandola in maniera uniforme; ciò garantisce migliori performance di scarico, un minor consumo d'acqua e un'azione pulente dinamica e ottimale. Infatti il flusso d'acqua è stato studiato per scorrere con millimetrica precisione lungo la ceramica ottenendo così una perfetta pulizia e igiene!

The.Reel new flushing system is a new technology that perfects the flushing performance through the creation of a powerful water vortex. By combining design, functionality and hygienic performance our main goal has been to improve any bathroom comfort. This new technology, studied and designed on A16 and File 2.0 rimless Wcs, takes full advantage of water movement on ceramic surface by evenly directing it; this feature ensure better flushing performance, low consumption of water and a dynamic, optimal cleaning action. In fact, the water flow has been studied to swirl with utmost precision along the ceramic surface thus obtaining a high degree of cleanliness and hygiene!

# HYPE

## *Smart Toilet Collection*

Hype, un nuovo concetto di smart toilet!

Un sistema innovativo, sviluppato con tecnologia HYGEA, che si compone di solo cinque elementi: il sanitario, la piastra di fissaggio, il bidet elettronico, il coperchio che lo contiene ed il sedile. Un prodotto semplice, rivoluzionario e particolarmente attento all'impatto ambientale. Non un semplice smart toilet, perchè il "modulo bidet elettronico" può essere installato o sostituito molto facilmente come una cartuccia, che viene inserita nel sanitario dall'alto ed è completamente scollegato dal suo involucro e dal sedile. In HYPE il bidet elettronico è il cuore pulsante!

Realizzato con la migliore tecnologia coreana, è studiato per soddisfare le richieste dei clienti più esigenti.

Hype represents a new concept of smart toilets!

An innovating system consisting of only five elements: a Wc, a fixing plate, an electronic bidet, a shell, and a seat. A simple and revolutionary product attentive to the environmental impact. This is not a simple smart toilet since the "electronic bidet module" can be installed or replaced very easily through a cartridge that is inserted in the Wc from the top and which is totally disconnected from its shell and seat. The bidet module is the beating heart of Hype! Made using the best Korean technology, it was designed to meet the needs of demanding customers.

HYPE

## HYPE CONTROLLER

Le funzioni sono state accuratamente selezionate ed ottimizzate per fornire la miglior esperienza possibile.

Un ugello in acciaio inossidabile provvede all'igiene intima, mentre l'asciugatura viene effettuata da un dispositivo ad alta efficienza. La funzione "svuotamento automatico della tanica" e il programma anticalcare assicurano maggior igiene ed affidabilità. Particolare attenzione anche al risparmio idrico, perchè il suo sistema di scarico utilizza solamente 3,5 litri di acqua!

Functions have been accurately selected and optimized to provide best possible experience. A stainless steel nozzle provide personal hygiene while the drying is carried out through a high-performance device. The "automatic emptying of tank" function and anti-limescale program ensure the best hygiene and reliability. Particular attention has been paid to water saving solutions resulting in a flushing system that uses only 3.5 litres of water!
